

Prestan AED Trainer

Quality & Durability

The same quality and durability you expect from Prestan.

Clear confident voice prompts. Also CPR prompts to help the student keep pace with chest compressions.

Easy to replace module containing current CPR guidelines and two languages.

Made in the USA with a One Year Warranty

Prestan AED Training Pads

Quality Pads That Last

High quality training pads that will last a long time with a minimum of 25-30 applications.

Pad replacement is affordable and easy. Just replace the pad not the cord.

A uniquely designed pad adhesive that adheres and removes well to any manikin on the market. No more damaged pads or cleaning adhesive off your manikins.

Prestan Pad Sensing System

Detects Pad Placement

The unique Pad Sensing System automatically detects when each pad is placed on the manikin which simulates a live AED allowing for a more realistic training class.

Automatic or Semi-Automatic

Easily switch from Automatic or Semi-Automatic mode to match the AED on site.

Easy to Update

Easy to replace module containing current CPR guidelines and two languages.

When guidelines change simply replace the module.
