

First Voice Manager (#AEDP1)

An AED program can take time and valuable resources away from your core business. It doesn't have to be with the help of First Voice Manager. First Voice Manager is the most comprehensive yet affordable AED Program management system available. Built on a secure online platform, the program allows users the ability to easily manage and track each AED and first aid supplies within their facilities from any computer or mobile device.

Readiness Checks & Reminders

- Tracks AED inspections to limit your liability
- Auto email reminders sent when inspection is done or when it is past due
- AED recall information alerts are easy to communicate
- Any AED, First Aid, or safety equipment expiration reminders

Tracking Capabilities

- Tracks AED/CPR training certifications and other first aid courses for each location
- Tracks all expiration dates for any training course
- Tracks AED electrodes and batteries plus any other first aid & safety equipment and supplies

Reporting Capabilities

- 30, 60, 90 day auto generated non-compliance (past due or expired) and upcoming expiration reports for all first aid, safety or AED consumables
- Reports can be pulled anytime and exported
- Training reports for AED, CPR, BBP, First Aid, Oxygen, & any other courses at your organization
- Ensures non-compliance items escalate in importance through automated hierarchy notification process

Easy 24hr Unlimited & Reliable Access

- First Voice Manager is a web based program with easy 24hr login accessibility
- Hierarchy login structure with Administrative access to one or multiple Edit or View only access privileges
- Coverage under product liability & general liability insurance policies
- State-of-the-art backup & disaster contingency data protection

For the most comprehensive AED Management Solution make sure you add:

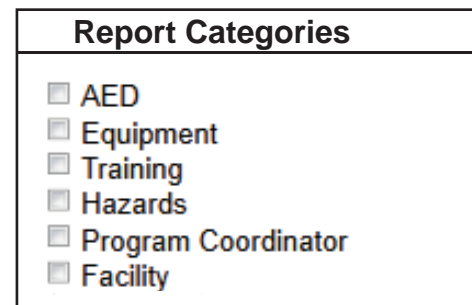

Does your state require Medical Direction on AEDs you own?

Medical Direction (#MD01)

- Medical Prescription & Annual Medical Oversight Authorization
- EMS Registration/Notification Services
- Policy and Procedure Manual & AED Response Protocol; Ensuring each site is within state AED acquirer civil liability law protection
- Regulatory & recall updates as necessary and industry updates
- Event reviews when AED is used by a First Voice Medical Director site
- Includes \$1 million general liability policy coverage
