

Emergency Instruction Device(EID)

#AVU5001X

Preparedness begins with training and extends beyond the classroom with this rugged, comprehensive, and interactive first aid & CPR cognitive feedback tool.

Just four minutes in a medical emergency can mean the difference between life and death. The First Voice Emergency Instruction Device (EID) is a life saving, affordable training device that allows rescuers to train anytime and decrease fear and panic.

The EID is designed to effectively coach users on CPR & first aid from start to finish. In the event of an emergency, this simple, easy-to-use touch pad gives directions in English or Spanish on how to respond quickly and accurately. Be prepared in the event of a sudden emergency with minimal first aid training or experience.

First Voice Emergency Instruction Device (#AVU5001X)

Endorsed by the

Approved by
major training
organizations.

The award-winning EID keeps rescuers focused on accepted first aid and CPR protocols in order to treat the injured person in a safe manner. The device speaks out loud and has visible instructions on the embedded LCD screen, asking questions about the extent of the injury. The yes/no buttons are used to answer. Depending on the severity of the situation, the EID continues to ask questions until it understands the situation and can accurately give instruction on how to proceed and further treat the injured person.

How does the EID benefit rescuers for emergency situation(s)?

- Reduces panic and confusion with equipment that meets and exceeds OSHA requirements
- Focuses on accurate medical care with protocols aligned with ECC and interational First Aid Science guidelines
- Increases preparedness to help reduce complications and disability costs from injuries
- Decreases costs for first aid, CPR, homeland security & bloodborne pathogen training
- Improves outcomes and training retention for infrequently trained rescuers
- Eliminate training difficulties for multilingual facilities (with English and Spanish standard on the device)

What is the EID used for?

- First aid training that engages the senses and improves retention of skills(great online training accessory)
- Homeland security, bloodborne pathogen, personal protection & scene safety training use & reminders
- First aid or CPR training drill use
- Real-time use during trauma and first aid situations:
 - Construction sites, mobile worksites, dangerous workplaces, or any place of employment
 - Schools, high-rise buildings, or any childcare or caregiver environment
 - Remote or high traffic areas where 911 assistance arrival may be delayed
 - Public and large gathering areas with limited EMT or first responder coverage

Features

- Rugged award-winning design with long term life and low ongoing operating cost
- LCD display for high-noise environments and hearing impaired rescuers
- Human voice audio calmly guides rescuer using comprehensible instruction segments
- Patented triage-based system ensures victims get accurate and properly sequenced first aid treatment
- Instructions provide rescuer protection with PPE, BBP cleanup, scene safety, 911 or emergency #, and homeland security guidance
- 1.25" slim design and easy grab handle fit into/onto any responder bag, first aid kit, or AED cabinet
- Accessible datacard slot allows for most recent ECC/International First Aid Science protocol updatability
- Multiple language capable with language toggle button to change audio/LCD instructions
- Color-coded EID injury buttons correspond with easy-to-use First Voice Self-Contained Emergency Treatment (SET) Systems
- Interacts with First Voice kits/systems that improve responder training or real-time rescuer performance

Technical Specifications

Power	3 AA off-shelf batteries (rechargeable batteries allowed)	Protocols	Emergency Cardiovascular Care (ECC) & First Aid Science Standards (American Heart Association, American Red Cross, National Safety Council, and other major training organization compliant)
Battery Life	1 year on standby	Protocol Upgrades Customizable	Datacard provided by manufacturer Yes: audio and written LCD instructions can be customized
Power Preservation	2 minute LCD backlight shut-off 10 minute EID auto shut-off	Languages	English and Spanish are standard - other languages available upon request
Dimensions	Height 9" x Width 11.5" x Depth 1.25"	Self Test Temperature	Ongoing Standby: 10° to 45° Celsius (50° to 110° F) Operating: 0° to 50° Celsius (32° to 122° F)
Weight	With batteries: 2 pounds	Certifications	Complies to UL, CE, IPC-A-610, Intrinsically-Safe and FCC standards 1 meter shock/drop tested
IP Rating	IP54, highly water and dust resistant		
Warranty	3 Year on all parts		
Audio Instructions	Human voice: 100 words per minute Average instruction length: less than 15 seconds		
Audio Output	High-quality water-resistant speaker		

Type of Injuries Addressed

All US Bureau of Labor Statistics injuries or medical emergencies resulting in an emergency room visit or hospitalization.

- Bleeding / Shock / Childbirth
- Seizure / Diabetic
- Burns
- Multiple Injuries
- Eye
- Heart / Chest Pain / Stroke
- Heat / Cold / Overexertion
- Homeland Security
- Fracture / Sprain
- Head / Neck / Spine
- CPR / Choking / Drowning
- Many more...

Accessories and Upgrades

JumpBag SET* System

A portable and conveniently organized first aid jump bag comes with the EID along with prepackaged supplies color-coded by trauma.

Prestan Training System

The most complete CPR refresher training system available. It features the Prestan manikin with CPR feedback, EID, and First Voice Training Scenarios Book.

Backpack SET* System

Includes EID and prepackaged supplies color-coded by trauma. Everything needed to safely treat over 30 major emergencies in an ergonomic design.

Defibtech Lifeline AED Packages

Be completely prepared to respond with an AED by having all the necessities in one complete package.

Training Drill System

This comprehensive system encourages 15-minute refresher training for workplace responder teams.

First Aid Cube

With 125 items in the Cube (more than an average kit), this system is the perfect portable fit for work, sports, home, and life.

More Options:

- Basic Rollout SET* System
- Duffel SET* System
- Rugged SET* System
- Training Scenarios Book
- CPREzy
- ANSI First Aid Kits
- Wall Mount Accessory Storage Cabinets

* SET = Self-contained Emergency Treatment
